Presentation, Lunch and Site Tour of Qualitel Business and Operations

Everett, WA

March 21st, 10:30 -12:45

Sponsored by Qualitel, Kocer Consulting+ Engineering, and APICS Puget Sound

Sign Up at https://apics-ps.org

Qualitel is a contract manufacturer of mission-critical electronics, specializing in a full range of high-mix, low-volume, and high-reliability products and services. Qualitel manufactures electronics with complex Surface Mount Technology (SMT), Ball Grid Array, and Fine Pitch Technology for the aerospace, medical and life sciences, industrial, and military markets.

On this tour, you will see:

- Manufacturing for medical, aerospace, military and industrial in one building
- Lean manufacturing
- FDA and ITAR registered facility
- State-of-the-art automation
- Extensive engineering, manufacturing and logistical services
- A culture of quality and service

Agenda:

- 10:30 check in and meet in the conference room
- 10:45 Overview presentation about Qualitel products, history, culture and direction.
- 11:15 Break up into smaller groups of 8-12 for the tour.
- 12:00 Lunch, Q and A and discussion
- 12:45 Attendees depart.

Attendance is limited to 40. Sign Up at https://apics-ps.org

I look forward to seeing you there,

Dan Kocer, PE

President of Kocer Consulting + Engineering, and Board Member for APICS Puget Sound
