

CPIM CERTIFIED IN PRODUCTION AND INVENTORY MANAGEMENT

Supply Chains Never Stop Advancing – Neither Should You

CPIM

Certified in Production and Inventory Management

A higher level of performance. Employers prefer it.

- Increase your functional knowledge of production and inventory management
- Maximize ROI on the systems and technologies within your organization
- Master the tools you need to effectively manage global supply chain activities

Why you need to earn the APICS CPIM designation

APICS CPIM helps you master essential terminology, concepts and strategies related to: – Demand management – Procurement management – Supplier planning – Material requirements planning – Capacity planning – Sales and operations planning – Master scheduling – Performance measurements – Supplier relationships – Quality control – Continuous improvement

The CPIM 1 course is a 24-hour Basics of Supply Chain. CPIM 2 is a 40-hour In-depth Supply Chain course. To earn your certification, exams for both CPIM 1 & 2 must be passed.

CPIM Part 2: Apr 6, 13, 20, 27, May 4, 11, 18, 25, Jun 1, 8, 15, 22, 29

Thursday Evenings, 5:30 - 8:30 pm Pacific Time

Location: At your desk or place of choice! Use tablet, computer, or smart phone, URL will be provided.
