FREE Supply Chain Coffee Klatch – A virtually social gathering for coffee and conversation.

7:30am Pacific, Tuesday September 7, our topic will be **Circular Supply Chain, what is it and how does it affect us?** Our guest, Chuck Nemer, known as The Guru of Biz, will be joining us. He is a trainer/consultant with 40 years of experience in Supply Chain Management, Lean, and Leadership.

Sign up for this Zoom meeting to receive the URL to join us. Get to know others in the supply chain community, and even hook up with each other via the "chat" feature. "Chat" can be used to comment/share with everyone in the meeting, or one individual who you may have a question or comment for, or wish to connect with later.

We encourage everyone to feel free to join in the conversation and share your experiences, either in person or thru "chat".
